October 10, 2018

Dear Supporter:

The National Coalitional of 100 Black Women, Inc., Metropolitan Atlanta Chapter is proud to share that we are beginning our 30th year of supporting and advocating on behalf of black women and girls in Metropolitan Atlanta. Our program focus areas are education, health, economic empowerment and public policy. Our chapter welcomes opportunities to leverage our Corporate and Community partners' financial support designated to specific programs that impact the needs of the Metropolitan Atlanta Community.

Our Teens on the Move Mentoring Program has provided support as positive role models to young girls at risk in the metro area by helping them realize their potential in today 's society. Our four-year mentoring program is facilitated in partnership with Booker T. Washington High School. This year, we launched a STEM Program for seventh and eighth grade girls at Brown Middle School. Currently, we have over 90 girls in the Mentoring and STEM Programs.

Our Sisters Helping Sisters Program is a component of Empowering Women. This program is designed to assist female domestic violence survivors and potential victims become economically self-sufficient. Our chapter also identifies issues that negatively impact African- American women, thus focusing on the educational awareness that will help eliminate health disparities. Health fairs, community forums and health summits are all a part of the Health program platform. The chapter provides annual financial assistance to students who want to further their educational aspirations in colleges/universities or vocational schools.

We are excited about the programs and initiatives that we have in place to assist in the community. We hope that the information shared regarding some of our programs will be helpful to you as we look forward to your partnership. Please contact us regarding any potential sponsorships or partnerships. Our 2nd Vice President of Fund Development, Alicia Guyton will be happy to assist you or answer any questions that you may have. Our email address is ncbwatl@bellsouth.net and telephone number is 404-522-1061.

Thanks again for your willingness to become supporters and sponsors for our programs as we continue to advocate on behalf of black women and girls.

Sincerely,

Minnie Miller
